

The schools in this school district will develop a well-rounded and age-appropriate extracurricular activities program that provides opportunities for students to participate in a variety of activities. To provide a variety of activities for students, the school district will periodically assess the types of activities offered, the scheduling of facilities and activities, and the expenditure of funds.

PARENTAL PERMISSION

Students are not required to have parental permission to join extracurricular clubs but must have parental permission to participate in any athletic team. In addition, extracurricular clubs may engage in specific activities for which parental permission must be obtained prior to the student participating in the specific activity.

FEES FOR EXTRACURRICULAR ACTIVITIES

Recognizing the importance of a well-rounded activities program to the academic, social, and physical development of students, and recognizing the limited funding available for such activities, this district requires that all student participants, regardless of the activity, pay a nominal fee as indicated on the fee schedule below.

All High School activities will have a \$75 fee per activity with a \$150 cap for students participating in multiple activities. A family cap will be enacted for families with multiple children participating in activities in either H.S. or J.H.S. at \$250.

A \$25 fee will be assessed for all Jr. High activities

Fees will be held in a dedicated fund to offset costs of operating the student activities program. Students who are unable to pay the fee may receive a full or partial waiver as determined by the superintendent or designee on a case-by-case basis.
