

*The Grace School District shall grant academic credit to a pupil enrolled in a course for secondary credit if the pupil successfully completes the course. Four (4) semester college credits equal at least one (1) full year (two (2) semester credits) of high school credit in that subject.*

*College transfer credits will be issued on the following basis.*

<u>College Credit</u>	<u>High School Credit</u>
1	0
2	1
3	1
4	2
5	2
6	3

*Students will be allowed to have the option of transferring the direct grade onto their Grace High School Transcript or have the class listed as pass/fail.*

*Students may appeal for two (2) high school semester credits on a three-one (3-1) college credit situation to the curriculum committee chaired by the high school principal. Other committee members consist of high school counselor and two academic teachers in the subject area of the request. If this committee determines that the college course has covered the full year of high school credit (2 semesters) a student will be allowed to take a test constructed by the academic teachers. If the test is passed at the 80<sup>th</sup> percentile, the student can then be given 2 semester high school credits for the college course.*
